BOBBED HAIR STYLE 2500 YEARS BACK

(By Associated Press)

BEREKELEY, April 19 .-Bobbed hair and earpuffs were fashionable 2,500 years ago. according to the results of an investigation conducted at this place by students of the University of California who recently produced "The Vision of Marpesse," a Grecian outdoor pageant. Several of the girls had demurred at taking part because they feared their bobbed locks would not look sufficiently ancient. An investigation was started and the students and their faculty advisors found that the Greek women of centuries ago had bobbed their hair, used earpuffs and also resorted to brilliantine and other beauty aids on occasion.
